Students must respect the national rules. Please note that the French government can make reforms within certain procedures.

Wash your hands often

When coughing or sneezing, cover your mouth and nose with your arm or use a disposable tissue

Dispose of any tissues you have used

Avoid close contact when greeting others

Maintain at least 1 meter distance between yourself and others

COVID-19 TESTS

There are several possibilities to get tested in France for Covid 19. In most cases you need to make an appointment in order to get tested. Appointments can be made via the test center/pharmacy website, phone or the Doctolib system. You may need to present your EHIC insurance card or your French health insurance certificate.

- The PCR test is used to screen for CoV-2-SARS infection conducted in a laboratory. To locate the nearest screening centres and laboratories follow the link here. The interactive map will show you the closest medical centre according to your location.

- The Antigen test can be conducted in pharmacy. The result is faster but less reliable than with the PCR test.

- The Serologic test measures the antibody response in an individual. It indicates that a person was infected with the COVID-19 virus in past. Pharmacies can perform the serologic test.

- Auto-tests are available in pharmacies.

RESIDENCE PERMIT APPLICATION

International students holding an "Extended-stay student visa" (visa Long Séjour" VLS/TS), with the following statement on their visa: “Carte de séjour à solliciter dans les deux mois suivant l’arrivée” must apply for a residence permit through the French administration.

1. Contact the Préfecture and drop the residence permit application within 2 months after your arrival.

Make sure to buy the tax stamp in the last step of the procedure, it is compulsory to submit your visa request to the OFII online service.

The visa itself+ the visa confirmation act as to the titre de séjour.
GUARANTEES & COMPLEMENTARY COVERAGE

By law, all students being less than 28 years old on September 1st of the current academic year and coming to study in France for more than 3 months are required to purchase the French student health insurance through their French higher education institution before the classes start.

SOME EXCEPTIONS
- Students from Quebec holding form SE-401-Q-106
- Students holding a European Health Insurance card
- Students being more than 28 or studying less than 3 months

REGISTRATION

It is necessary to register online via https://etudiant-etranger.ameli.fr/#/

Once registered, you will receive the Temporary Health certificate which is valid for up to one year and can be renewed. The certificate will be available directly on your ameli account (the social security platform).

The physical Carte Vitale may be obtained by submitting further documents to the CPAM (ex.: your birth certificate officially translated into French). It is recommended for students staying over 1 year.

Should you need any help with the registration, there will be sessions held during the orientation week.

GUARANTEES & COMPLEMENTARY COVERAGE

In the event of sickness, the French Health Security ["Sécurité Sociale Française" - http://www.ameli.fr] refunds a certain percentage or the expenditure based on set charges called "tarifs de base (TB)" (70%) or "tarifs conventionnés (TC)". The standard coverage is sufficient for a very basic visit at the general practitioner but might not be sufficient to cover higher expenses such as hospitalization, change of glasses, dental / eye surgeries, etc...

We therefore highly recommend students to subscribe for a complementary health coverage (Complémentaire Santé) in order to benefit from a better coverage.

There are several French health insurance companies, please consult the following websites to get familiar with their services (Aetna / Allianz / Bupa Global / Cigna International).

STUDCORP

Studcorp is a French platform which accompanies students from all over the world. They may help you to acquire among others your housing insurance or your complementary Health insurance. Please check their website for more detailed information: https://www.studcorp.com/coming-kedge/

CPAM REFUND

The medical appointment is paid directly at the cabinet and refunded afterwards. It is important to present your Carte Vitale or the CPAM certificate proving the registration with the French Health Insurance. You must submit the following documents by post in order to be refunded:

- “Feuille de soins” (receipt of the payment, document given by the doctor)
- The student’s French bank account details (RIB)
- CPAM certificate (« attestation de droits »)

Off-Campus Housing

KEDGE Business School does not offer rooms on campus in Paris, Kedge BS provides help finding an off-campus accommodation.

You can find on the following likes some residences which are offering accommodation for students.

**NéoCampus**
This is the residence of Kedge. If you are interesting contact: logementparis@kedgebs.com

**Cité International Université de Paris**
https://www.ciup.fr/en/living/

**Campusea**
https://campus.youfirst.co/en/student-housing-paris

**Nexity Studea**

You can find housing via our partner Studapart: an online platform which helps you in your housing research from the housing application process to the booking.

https://kedge.studapart.com/en/

Create an account by using your kedgebs.com email address and then log in.

You will find on this platform housing offers dedicated to international students from:
- Private landlords
- Real estate agencies
- High standard residences in France

A multilingual support team will help you 6 days a week to help you to find and book accommodation.

KEDGE BS Paris welcomes international students and is happy to help them getting accommodation. Housing in Paris may be difficult to find.

We strongly recommend students to search and book accommodation before your arrival.

Studapart

This platform will also allow you:
- To generate as soon as you have booked (and paid) your accommodation, a housing certificate for your Visa process
- To subscribe to a housing insurance (compulsory when you rent a flat in France) and to provide a housing insurance certificate (required document to check in) upon your arrival

For any question regarding the platform: connexion issues, offers, payments etc., please contact booking@studapart.com, +33 (0) 1 80 92 64 01 (free call from abroad)
Private market

Another possibility is to rent a room or a shared flat on the private market (flats run by landlords).

The prices can be very different as it depends on the location of the flat, its size, if it is furnished or not and if all or part of the charges are included (household rubbish collection tax, water, electricity, heater, internet, etc.).

Rents generally do not include electricity, water and internet access and range from 450-700€/month for an individual flat and 300-700€/month per person for a shared flat (2 people or more).

You can check on the following websites for individual and shared flats. Private landlords post some of the advertisements whereas others are published by estate agencies:

- www.sudouest-annonces.com
- www.leboncoin.fr
- www.paruvendu.fr
- www.pap.fr
- www.seloger.com
- www.info-jeune.net
- www.lokaviz.fr

N.B: The websites are in French so if you cannot speak it, this may be complicated.

Some of the advertisements can be published by estate agencies who may require you to pay some management fees (equivalent to one-month rent.) If you are asked to pay management fees around 200€, be careful because it may be a fraudulent ad.

ATTENTION: Always check if the advertisement is not a scam. You can contact our housing service should you have any doubts.

Tips for your housing hunt

- If possible, try to avoid estate agencies, as they will charge you a lot and will ask for French guarantor. Try to deal directly with owners.
- Never send money in advance to private landlords (except for private residences).
- Do not buy apartment lists.
- Do not forget to ask if the utilities (heat, hot water, cold water, waste, elevator) are included or not in the rent. If not, be aware that you will have additional bills. Always ask exactly which are the operating costs included in the rent to avoid nasty surprises!
- If you intend to book a room in a hotel, you will pay a minimum of 60 € per day.
- Rent is to be paid in advance, usually before the 5th of the month by check or bank transfer.

French guarantor

Most of the landlords/ estate agencies only agree to rent their accommodation if you can provide a French guarantor. In that case, they may require many documents in order to rent you an apartment. This is to assure them that you can afford to pay the rent. As you are a student and do not have a regular income, your parents are your guarantors.

As your guarantors, if you want to find housing, they will need to provide you:

- 3 last payslips or an evidence of their income tax (you will add the translation of the salary/ income tax amount in euros) His salary must represent 3 times the amount of the rent.
- A proof of their address (electricity, gas bill...)
- A copy of their passports and yours
- Their bank account details

VISALE GUARANTEE

Visale is a service which helps students settle in their accommodation by providing a free guarantee to your landlord. It is open to foreign students who are part of the EU and to holders of a Long Stay Visa (Visa Long Séjour, mention « étudiant » / VLS-TS). You must apply for it BEFORE signing or renewing your lease.

You can apply to Visale for free on their website: www.visale.fr
Housing benefit from the CAF

The French Caisse d’Allocations Familiales (CAF) grants a monthly amount to help to pay rent to students staying in the same place more than 5 months (if your stay is shorter you will not be eligible). The housing benefit is subject to income conditions and depends on the size of the flat, the amount of the rent, if you are living alone or in a shared apartment, etc. You will be able to have an idea of how much you can get (once you have found your housing) by doing a simulation on their website.

Non-E.U. students may receive - or not - this housing benefit depending on the type of visa they are holding. Please note that if on your visa it is written “Dispense temporaire de carte de séjour”, you are not eligible for this grant.

When you are in France and as soon as you have your definitive housing address, you should apply on-line on www.caf.fr. Once you are registered, you will have to send your file and the requested documents to the CAF either by post or by going to one of their offices.

Note that the first and the last month are never paid.

Electricity & Gas

In France the electricity account is attached to a person occupying the housing. Each new lessor needs to open an account with EDF (the original French electricity company) or any other company on the market. The electricity number (“PDL” – 14 digits) is needed and it should be provided by your landlord.

The same may be done for gas. However, the water bill is usually sent to the landlord directly, therefore you do not need to open a water account.

EDF website: https://particulier.edf.fr/en/home.html
GAS website: https://particuliers.engie.fr/en.html

Housing Insurance [mandatory]

Upon arrival, all students are legally required to buy an insurance for their room/apartment (against flooding, fire or natural disaster as well as theft). Note: CROUS residences are not concerned.

This document is necessary to check-in at most residences and landlords the first day.

- Banks may offer this kind of insurance when opening a bank account. Please contact your bank in France for further information about the cost and guarantees.
- Estate agencies offer home insurance but to be eligible you have to rent an apartment owned by the agency you have chosen (ex: if your flat is managed by “Nexity” (estate agency) they will offer you a home insurance)

French residence tax

In France when you are occupying an apartment on January 1st (no matter when you entered or when you will leave), you have to pay the French residence tax which is usually equal to one month rent. As the tax document is sent in autumn (around October), and if you already left Paris, you will have to give your new address to your lessor in order to receive this document in your new apartment even if you are not living in France anymore.

The tenant, not the lessor, must pay the French residence tax.

Before moving out

In order to properly leave your housing, you must undertake several administrative steps:

- Send/Give a letter to your landlord to formally inform them of your departure date at least 1 month before the departure date.
- Organize an appointment with your landlord/residence for your inventory of fixtures.
- Deposit: note that all the lessors have a legal delay of 2 months to refund it to you. The refund will be made into your French bank account
- EDF/GAS Accounts: Contact the energy suppliers before moving out (no notice period) and remember to read your meter 24 hours before your departure.
**OPENING A BANK ACCOUNT**

Having a French bank account may be necessary in order to pay for your rent, receive the CAF financial aid, get refunded for medical expenses with the French Social Security, pay for your electricity or gas, etc...

Opening a bank account is free of charge. However, you can be charged for some services. Students may receive a check book and/or a credit card after the opening of the account (upon request). Check books are usually free of charge.

BE PREPARED FOR A CULTURAL TRANSITION!

Culture shock
Culture shock is defined as, “the mental shock of adjusting to a new country and a new culture, which may be dramatically different from your own”. It is also said that it is a normal stage in the acculturation process that all newcomers go through. Being in a strange place and losing the power to communicate can disrupt a person’s worldview, self-identity, and systems of thinking, acting and feeling. France has many cultural differences from your home country. Some of these differences can become so overwhelming that you will want to leave France forever (culture shock). Learning how to deal with these differences and understand the French reasoning is the key to coping with culture shock.

Preparation is the key.
Adjusting to life in new country can be challenging but also rewarding. One good way to cope is to prepare so you know what to expect. Culture shock can hit you in many different ways. You might experience culture shock all at once or feel it at different times. Patience and humour are helping to acclimate oneself to the different environment. By accepting the differences and acknowledging them, it is easier to get some perspective for both the good and bad moment during this international experience.

Arriving in France
You are about to come and live in France and you should know that arriving in a country with different culture, climate, traditions and language can become an unsettling experience. Indeed, whereas they are small or big differences between the French culture and your home country’s culture, your state of mind can evolve.

TIPS TO BETTER ADAPT TO THE FRENCH CULTURE

1. Learn to speak French
This is one of the best ways to settle in among locals.

2. Be patient
Administration is rather complicated and takes time. Be prepared!

3. Be attentive
Adapt to the French schedule: meal time, shops opening days and hours, party time.

4. Learn to enjoy your meal
There is no need to hurry. Most French people eat with no hurry.

5. Be open minded
Sometimes you will have to get out of your comfort zone, it does not mean you cannot enjoy the experience.

YOUR ARRIVAL

HOW TO GET TO KEDGE BS PARIS CAMPUS

Arriving in Paris

Paris has two main Airports Charles De Gaulle (CDG) and Orly.

If you arrive at CDG take the train line RER B directly to the city centre. It costs 10€ and you can buy a ticket from the kiosks near the train line. Once in the city centre, you have a very well-developed infrastructure of metro, tram and bus lines.

If arriving in Orly you'll need to take the shuttle Orlyval to the Anthony Train Station, and then change to lines RER B or RER C. The total journey will cost 12.10€ and will take around 60 minutes.

Arriving on Campus

Note that Kedge is in a large building with other office space when entering the front, bear left and look for the Kedge signs/flags.

By car
The campus is located near Bercy Village off the “Quai de Bercy”. This is a predominantly pedestrian area.

By the Public Transport
Metro: Kedge is near Metro 14. You will have to stop at “Cour St Emilion”.
Tram: Take the 3A and stop at “Baron Le Roy”
Bus: Take the Lines 24 or N32 and stop at “Terroirs de France”.

Paris Public Transport (RATP)
You’ll need to pick up metro tickets to get started (10 Tickets approx 17€). You can buy a student card later called 'Navigo'. You'll need your Kedge Enrolment certificate and printed photos. Consult the website related to the transportation card options: http://www.rtm.fr/en

Tickets may be purchased either at the Metro kiosk at any metro distributors. Cash or credit cards are accepted.

Tips to prepare your arrival
1. Make sure you have mobile phone connectivity when you arrive (and need maps /internet/phone the most). Prepare with your provider at home at least for the first few days.

2. Make sure your bank is aware you'll be travelling and can withdraw cash from an ATM in France. Your credit card will need a Chip to use the cash machines.

3. Be "street smart" when travelling. Make printed copies of important documents (passport, etc.) and keep separate from the originals, don’t put all your valuables in the same place.

4. Have the address where you're going printed and identify the closest bus stop/metro.
